

Here is the brief for Tuesday 12 April 2022.

COVID Physical Distance Signage - A team from Estates and Domestic is being deployed to remove all existing physical distancing signage from NHSG sites. The team will remove signage then repair and clean all surfaces, as necessary. We ask that in the meantime please **do not** remove any signage yourself. As you can imagine this is a huge undertaking so, please be patient - we will get to every area. The aim is to have all signage removed within 6-8 weeks.

Grampian data The local report is shown below. [The Public Health Scotland daily dashboard can be viewed here](#)

Menopause support in Aberdeen Aberdeen City Health and Social Care Partnership (ACHSCP) together with Aberdeen FC Community Trust would like to invite you to the second Meno & Pause Co-lab Café, at 10.30am on Thursday 14 April in the Legends Lounge at Aberdeen Football Club's Pittodrie Stadium.

The first event which was held in March has helped shape this and future events, which will be held in the coming months.

This event will focus on networking, sharing information and signposting to specific websites, APPs and documentaries which can help aid you through your menopause journey. There will be some guest speakers who will share their own personal journey through menopause in what will be a very relaxed and informal environment.

By working together, ACHSCP and Aberdeen FC Community Trust want to diminish the stigma around menopause, to empower women with relevant information, support and relatable role models who understand the rollercoaster of emotions experienced by many during the menopause journey.

This event is open to anybody who is interested (women, men, transgender).

Event schedule:

10.15am doors open and registration

10.30am event starts

12.30pm-1.30pm informal networking

The event finishes at 12.30pm but the room will remain open until 1.30pm to enable networking and discussion opportunities. Attendees are welcome to bring a packed lunch along as there is no rush to leave before 1.30pm.

To register for this free event please click on below link.

Promotional Video Production & Edit Request Form Video production has stepped up significantly during the pandemic. We are currently trialling a staff video request process. We do not want to make this process burdensome, [and this form will only take around 5 minutes to complete](#). This is an essential step that allows us to get you the right support, resources, and correctly skilled staff member to realise your video's vision. We are currently receiving around 50 requests a month and it should be noted that each minute of a completed video requires around an hour of staff time in terms of production and editing. Where teams are able to undertake filming themselves, we are willing to support this and can arrange for equipment to be provided, as required.

Clinical/Medical photography and video services are provided to NHS Grampian staff free of charge by Aberdeen University Medical Illustration Team. To discuss your requirements for this please email mediaservices@abdn.ac.uk in the first instance.

Alzheimer Scotland Dementia Consultants National Learning & Sharing Network The next event in this series will take place on Wednesday 25 May, 2.30-3.30pm, via MS Teams. Christine Proudfoot, Alzheimer Scotland Dementia Nurse Consultant at NHS Borders, will be leading this session, entitled 'Pain with dementia – recognition and management'. These sessions are of interest to Dementia Champions, Dementia Ambassadors, and Dementia Specialist Improvement Leads. The events are free of charge and [you can register by following this EventBrite link](#). If you are unable to attend, recordings of all the events in this series will be [posted to the Alzheimer Scotland website](#).

Ukraine Humanitarian Appeal The Lord Provost's Charitable Trust has launched its Ukraine Crisis Appeal on [JustGiving](#). The trust is seeking monetary donations which will be used to distribute to local charities in Aberdeen assisting in humanitarian aid to Ukrainian residents and refugees.

Tune of the day This feature has, for the most part, only featured English language music. This does something of a disservice to the amazing mix of people we have working across Grampian. I'm delighted to say that changes from today! Lourdes Vera del Barco is a recent recruit to the Occupational Therapy team at Kincardine Community Hospital. Lourdes hails from the Tucuman province of Argentina, as does the artist she's request for today: we present [Mercedes Sosa with Zamba Para Olvidarte](#). So now, it's over to our international workforce – who are the artists we should be including?

If you want to request a song for tune of the day, follow up on items included in this brief, or suggest an item for sharing, drop us an email via gram.communications@nhs.scot
